Office Action Summary

1. A response (Paper No 22) has been filed on November 13, 2002 .
2. Claims under examination are 5-7.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 5-7 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hawley's condensed dictionary (12th edition, 1993, pages 491, 521 and 930) in view of Weber et al (USP 5710216) and Paschke et al (USP 5292805).

Please refer to earlier Office action Paper No 20 for this rejection.

Applicant's arguments filed November 13, 2002 (Paper No 22) have been fully considered but they are not persuasive.

It is the examiner's position that since prior art discloses the claimed ingredients having claimed properties, it would have been obvious to one of ordinary skill in the art to prepare a composition containing only these ingredients in amounts that are either same as or those which overlap the claimed ones.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
